

Pick pairs of numbers from below and find the HCF and LCM of this pair.

Cross off your answer in the grid.

Repeat

What is the total of the numbers you have not crossed off?

6	36	18	990	5
1540	4	9	660	936
84	12	5720	24	3
2	630	17	1	312
420	252	1155	10920	7
